OUR CHAMBER

The Katahdin Area Chamber of Commerce is a membership-based, non-profit organization providing support to the businesses and communities of the Katahdin Region. Our mission is to strengthen and advance the economic vitality of the Katahdin Region through promotion, advocacy, collaboration and support for its businesses, communities, and future leaders. Surrounded as we are by such a beautiful environment, we see the Region moving forward, with more visitors choosing to make this their home, and opening businesses. We have seen the numbers of tourists rise considerably, and we have seen more groups and individuals getting involved in building the communities. We hope to assist and promote this growth, through collaborations with a variety of businesses and the groups who are meeting together to create a vision for our future.

What is our PURPOSE?

To Promote: The KACC serves as the primary ‘destination-marketing’ organization for business and tourism in the Katahdin Region through multiple media outlets and events, provides exclusive advertising opportunities to members, and participates in and helps to promote the various festivals and events that increase our exposure to visitors, residents, and other businesses.

To Protect: The KACC is committed to being the “voice of business”, seeking to influence legislation and regulation by local, state and federal governments in a proactive manner, supporting legislation that benefits businesses and the communities in which they reside and, when necessary, opposing legislation that does not.

To Provide Support: The Katahdin Area Chamber of Commerce is proud to provide support to the business and residential communities in the following ways:

1. By offering networking opportunities for business owners for the purpose of cultivating relationships with other business owners and community members.
2. To act as a spokesperson for the business and professional community and bring into action the group thinking of its members.
3. By providing leadership for the advancement of economic vitality and quality of life for all communities in the Katahdin Region.
4. By assisting visitors to the Katahdin Region by means of a visitor’s center as well as organizing and/or promoting annual events which provide opportunities for collaboration between the businesses and residents which in turn enhances the beauty and hospitality of our communities.

Membership Information

Becoming a member of the Chamber comes with numerous benefits for your businesses and organizations, many of which revolve around marketing — or as we say, visibility. We offer basic memberships for nonprofits and for-profits, cornerstone investments, additional optional marketing opportunities, referring your business to visitors, displaying your rack cards or business cards, and so much more.

Pick and choose or enroll in them all — these are the benefits that are included with every membership:
